

Village of Walden Senior Trip

To see

This Delightful Holiday Musical is a true celebration of the Season. All the splendor of Christmas is brought to life on a magical journey through Yuletides past. The holiday songs we all know and love are wrapped up in a heartwarming celebration of the spirit that will delight audiences.

Lost in a future time and desperate to return to his home galaxy, our Starman journeys back through time searching for that magical December 24th evening when three brilliant stars came together and changed the course of history. Knowing that these same stars will set him on the right course toward home, Noel journeys around the world and touches down in a small town in America, The North Pole, Dickens' England and many other places on his quest.
